11 year-old Mia McPoland has a rare bone marrow disorder called **Diamond Blackfan Anemia**—her body does not produce any red blood cells. She relies on blood from donors and has had over 114 blood transfusions to keep her alive.

Come help celebrate Mia's birthday by donating blood!
...In lieu of a present for Mia, please bring a toy or gift for the Cardon Children's Medical Center Toy Closet

★ Fitness Scavenger Hunt for Kids starting at 9:30 a.m. sponsored by Donald Alexander, C.A.P.E. Fitness

★ Be the Match! Come get a cheek swab and see if you are a bone marrow match to Mia or someone else!
